Nature.*

Introduction

Hygienx India Private Limited is a modern hygiene solutions company built on scientific rigor and sustainable innovation. We engineer high performance, eco conscious formulations that deliver consistent results across homes, hotels, institutions, and healthcare environments. With bio technology driven development, bio degradable ingredients, and verified product efficacy, Hygienx stands for quality, safety, and future ready hygiene.

Our mission is to lead India's transition toward cleaner, healthier, and environmentally responsible living.

Mission

To deliver world class hygiene solutions that are safe, effective, and sustainable empowering organizations to maintain cleaner environments responsibly.

Vision

To become India's most trusted eco hygiene brand, inspiring a nationwide shift toward safe, responsible, and future-ready hygiene practices.

Core Values

- *Sustainability with purpose*
- *Science-led innovation*
- *Transparency & integrity*
- *Human and environmental safety*

Industries We Serve

We serve a wide range of industries with tailored product combinations and reliable delivery:

Go Green Initiative

Our Philosophy

The C.A.R.E.S.[™] Framework represents Hygienx's product development and deployment philosophy, ensuring that every formulation, usage cycle, and facility application integrates technical efficiency, human safety, and environmental responsibility.

C A R E S

Chemical that Works

Formulated through practical hygiene science to deliver reliable cleaning performance in real conditions.

Align With ISO

Aligned with institutional compliance, safety standards, ISO and facility SOP Requirements.

Reduce Environmental Impact

Designed with eco intent ingredients, controlled chemical load, and responsible usage to lower ecological footprint.

Ensure Effectiveness

Tested for consistent results across multiple substrates, usage frequencies, and real-world application cycles.

Scale Consistently

Built for multi-location, high-volume deployment with standardized dilution, usage, and performance output.

HUGO FACILITY CARE

H1

NET VOLUME
5L

Bathroom Cleaner cum Sanitizer Concentrate

A dual-action cleaner and sanitizer designed for spotless, germ-free washrooms. Removes stains, soap scum, and limescale while deodorizing the space.

Application Areas:

Bathroom Tiles, Floors, Washbasins, Toilet Bowls, Urinals, Shower Cubicles, and Faucets.

Technical Data:

Appearance	Clear Liquid	pH (1% Solution)	10.0 – 12.0
Colour	Light Orange	Biodegradability	>90%

Dilution:

Use 20–30 ml per liter of water for general cleaning.

H2

NET VOLUME
5L

Hard Surface Cleaner Concentrate

A streak-free multi-surface cleaner for high-touch areas.
Delivers natural shine without residue.

Application Areas:

Tabletops, Glass, Mirrors, Cabinets, Telephones, Photo Frames, Stainless Steel, Marble, Granite, Vitrified Floors

Technical Data:

Appearance Clear Liquid **pH (1% Solution)** 10.0 – 12.0

Colour Light Green **Biodegradability** >90%

Dilution:

Use 20–30 ml per liter of water for general cleaning.

H3

NET VOLUME
5L

Glass Cleaner Concentrate

Ammonia-free formula for mirrors, glass & glossy fixtures with anti-streak clarity.

Application Areas:

Glass, Mirrors, Photo Frames, Windows, Showcases & display counters, LED/TV screens

Technical Data:

Appearance Clear Liquid **pH (1% Solution)** 5.5 – 7.0

Colour Light Blue **Biodegradability** >90%

Dilution:

Use 10–20 ml per liter of water for general cleaning.

H4

NET VOLUME
5L

Furniture Polish Maintainer

Restores shine, protects surface finish & prevents fine dust settlement without greasy residue.

Application Areas:

Wooden Furniture, Tables, Cabinets, Wall Panels, Veneer, Laminate, and Polished Wooden Flooring

Technical Data:

Appearance Milky Liquid **pH (Neat Product)** 6.0 – 8.0

Colour White **Biodegradability** >90%

Dilution:

Ready-to-Use Product. Shake well before use.

H5

NET VOLUME
5L

Air Freshener

Long-lasting deodorizer powered by safe fragrance formulations; neutralizes odors, not just masks.

Application Areas:

Ideal for Hotel Lobbies, Restrooms, Hospital Wards, Reception Areas, Offices, Gyms, and Other high-footfall environments requiring continuous freshness.

Technical Data:

Appearance	Clear Liquid	pH (Neat Product)	6.0 – 8.0
Colour	White	Fragrance	Moon Light

Dilution:

Ready-to-Use Product. Shake well before use.

H6

NET VOLUME
5L

Toilet Bowl Cleaner

Heavy-duty clinging gel that removes stains, kills germs & deodorizes efficiently.

Application Areas:

Ideal for Toilet Bowls, Urinals, Sanitary Fittings, and Ceramic Surfaces.

Technical Data:

Appearance Thick Liquid **pH (Neat Product)** < 2.0 (Acidic)

Colour Dark Blue **Biodegradability** >90%

Dilution:

Ready-to-Use Product. Apply directly under the rim and on the bowl surface. Allow 5–10 minutes contact time before scrubbing.

H9

NET VOLUME
5L

Bathroom Cleaner Concentrate (Hard Water)

Specially formulated to tackle hard-water stains, scale, rust & alkaline deposits.

Application Areas:

Suitable for Bathroom Tiles, Walls, Washbasins, Bathtubs, Urinals, Faucets, and Sanitary Fittings

Technical Data:

Appearance Clear Liquid **pH (1% Solution)** 6.0 – 8.0

Colour Light Green **Biodegradability** >90%

Dilution:

Dilute 20–50 ml per litre of water. Allow contact for 2–3 minutes, then rinse thoroughly with clean water.

HUGO KITCHEN CARE

D7

NET VOLUME
5L

Stainless Steel Polish

Non-abrasive polishing formula that restores gloss & prevents fingerprinting.

Application Areas:

Suitable for stainless-steel doors, panels, refrigerators, freezers, counters, and exterior surfaces of kitchen and industrial equipment.

Technical Data:

Appearance	Milky Liquid	pH (Neat Product)	6.0 – 8.0
-------------------	--------------	--------------------------	-----------

Colour	Milky White	Biodegradability	>90%
---------------	-------------	-------------------------	------

Dilution:

Ready-to-Use Product. Shake well before use.

D8

NET VOLUME
5L

Heavy-Duty Degreaser Concentrate

Strong alkaline formulation for industrial grease, oil, soot & carbon removal.

Application Areas:

Suitable for kitchen floors, hoods, ducts, fryers, exhaust filters, tandoors, cold rooms, and stainless-steel equipment exposed to heavy grease or oil accumulation

Technical Data:

Appearance Clear Liquid **pH (Neat Product)** >12.0

Colour Light Yellow **Biodegradability** >90%

Dilution:

Allow 5 minutes contact time, scrub if needed, and rinse thoroughly with potable water

D9

NET VOLUME
5L

Oven & Grill Cleaner Concentrate

Strong alkaline formulation for industrial grease, oil, soot & carbon removal.

Application Areas:

Suitable for ovens, grills, deep fryers, hot plates, tandoors, and kitchen chimneys — effective against carbon build-up, burnt residues, and heavy grease.

Technical Data:

Appearance Clear Liquid **pH (Neat Product)** >12.5

Colour Light Red **Biodegradability** >90%

Dilution:

Warm the surface to approximately 60°C before applying the solution.

DET D 1.3 Y

NET VOLUME
5L

Manual Dishwashing Detergent

Foamy, gentle-on-hands formula that cuts through oil & stains effortlessly.

Application Areas:

Ideal for manual washing of crockery, cutlery, utensils, glassware, pots, and pans in institutional kitchens, canteens, hotels, and food service establishments.

Technical Data:

Appearance Clear Liquid **pH (1% Solution)** 6.5 – 8.5

Colour Light Yellow **Biodegradability** >90%

Dilution:

Dilute 20 ml per litre of warm water.

HUGO PERSONAL CARE

B100

NET VOLUME
5L

Hand Wash Blossom

Moisturizing floral hand wash for regular use in shared washrooms.

Application Areas:

Ideal for restaurants, hotels, hospitals, institutions, schools, offices, and high-traffic washrooms.

Technical Data:

Appearance Pearly Liquid **pH (Neat Product)** 6.0 – 7.5

Colour Light Pink **Biodegradability** >90%

Dilution:

Dispense 2–3 ml of hand wash onto wet hands. Rub thoroughly across palms, fingers, and nails for 20 seconds.

L100

NET VOLUME
5L

Hand Wash Lemon

Moisturizing citrus handwash for regular use in shared washrooms.

Application Areas:

Ideal for restaurants, hotels, hospitals, institutions, schools, offices, and high-traffic washrooms.

Technical Data:

Appearance Pearly Liquid **pH (Neat Product)** 6.0 – 7.5

Colour Light Yellow **Biodegradability** >90%

Dilution:

Dispense 2–3 ml of handwash onto wet hands. Rub thoroughly across palms, fingers, and nails for 20 seconds.

W1000

NET VOLUME
5L

Hand Wash Soft Care

Mild-care formula designed for sensitive skin & frequent washing.

Application Areas:

Ideal for restaurants, hotels, hospitals, institutions, schools, offices, and high-traffic washrooms.

Technical Data:

Appearance Pearly Liquid **pH (Neat Product)** 6.0 – 7.5

Colour Light Peach **Biodegradability** >90%

Dilution:

Dispense 2–3 ml of handwash onto wet hands. Rub thoroughly across palms, fingers, and nails for 20 seconds.

HS100

NET VOLUME
5L

Hair Shampoo

Neutral-pH hair wash for clean, soft & fresh-feeling hair.

Application Areas:

Ideal for hotels, institutions, salons, hospitals, gyms, and staff facilities where high-quality personal care products are required.

Technical Data:

Appearance Pearly Liquid **pH (Neat Product)** 6.0 – 7.5

Colour Light Aqua **Biodegradability** >90%

Dilution:

Apply 2–3 ml of shampoo on wet hair. Massage gently into scalp and hair to form a rich lather.

SG100

NET VOLUME
5L

Shower Gel

Refreshing body cleanser with moisturization for daily use.

Application Areas:

Ideal for hotels, institutions, salons, hospitals, gyms, and staff facilities where high-quality personal care products are required.

Technical Data:

Appearance	Gel-Based	pH (Neat Product)	5.5 – 7.0
Colour	Light Orange	Biodegradability	>90%

Dilution:

Apply a small amount on a wet sponge, loofah, or directly onto wet skin. Massage gently to create a rich lather.
